Betreff: Thank You

Dear ArtBellwald,

Two months have passed by so quickly I still remember exactly the first day I arrived here. It was indeed a life changing experience and a chance to discover myself along with other cultures such as your beautiful and rich and hospitable culture. My stay in Bellwald will always be on the top charts of my stays in Europe, the apartment was cozy and full of light, the little barn was sooo beautiful and inspirational, I even took time to learn about the barn and studied every inch of it, such beautiful work in it.

During my time here I was able to accomplish my goals beyond the time frame I have set for myself, I was able to write two Feature Films (90 pages each), three short films (20 pages each) and worked on my new novel (I am not done with it but I was able to write 150 pages!), and of course, my daily life in Bellwald and Switzerland (so far I have reached 200 pages!) which I should be done with it when I land in the UAE, then I will send it to my Editor just to fix the language and grammar if any, and I shall then send it to the printer and then you shall receive your copies of the book and you will be amazed with it! Hopefully!

Madalen was very helpful with everything, our morning coffee talks, helped me in train schedules when I was planning to go to Winterthur, organized the Brig High School talk which was one of the best lecture I have given and the students were very excited and talkative as well. I didn't have to listen to myself talk all the way through the lecture. Thank you Madelon for all your hard work :)

The weather was beautiful, I am a winter person and I love the snow, although I come from the desert! Overall, it is an unforgettable experience that will always be part of me forever, I have even taken lots of pictures that I shared with friends all over the world and will share them in the book that I will print out for you in the next month so you could have some of my thoughts and experience, even if they were in words, but hey! words are always more powerful than swords! this is an old Arabic saying :)

I know that I will be back to Bellwald and I know it would soon, this is how much this place means to me. Thanks to you :)

Warmest Regards,

--
